JOH TEMPLE GRAVES ATTACKED ON STREET

By J. H. Crutchfield, Who Desired Revenge.

CRUTCHFIELD WAS ARRESTED

Walter P. Andrews, Who Was With Col. Graves, Landed Several Blows on Crutchfield, Which Did Him No Great Injury.

Atlanta, March 14.—Shortly after 1 Tuesday afternoon, Col. John Temple Graves, editor of the Atlanta Georgian and News, and Walter P. Andrews, were standing in front of Brown & Allen's drug store, at the corner of Whitehall and Alabama, discussing meningitis and the suddenness with which it attacked humans, without premonitory symptoms. "The most terrible feature of this dread malady," said Colonel Graves to Mr. Andrews, "is that it strikes one like an unseen hand out of the darkness, and one never knows what has happened."

With these words—prophetic, in the light of what immediately happened—on his lips, Colonel Graves staggered, and sank to his knees, bewildered and rendered almost unconscious by an unseen hand, which struck him violently on the back of the head.

"What is it? Has meningitis struck me?" asked Colonel Graves as soon as he had recovered from the stunning blow.

He was quickly reassured by his companion, Mr. Andrews, that it was not meningitis, but J. H. Crutchfield, who had struck him.

Crutchfield, who is a dealer in mules, recently figured prominently before the public eye, and in the columns of the local newspapers by reason of the sensational divorce suits filed against him by his wife, who alleged that he had treated her with cruelty. Subsequently, Mrs. Crutchfield was one evening several months ago, as she was entering her home on S. Pryor street, by the discharge of a gun in the hands of Crutchfield, the wound necessitating the amputation of her leg at the knee.

Crutchfield was tried for assault with intent to murder, but was acquitted, his defense being that his wife seized his gun, causing its accidental discharge in trying to wrest it from him.

During Colonel Graves struck down at his feet, and taken as completely by surprise as was Colonel Graves, Mr. Andrews turned, and seeing Crutchfield in a fighting attitude, with Colonel Graves' walking stick, which struck Crutchfield several times, while warding the blows off his face with his hands and arms.

Crutchfield then backed across the street with his hand in his hip pocket, as said, daring Mr. Andrews to strike him again. About a block further he made a stand, defying any one to touch him.

At this juncture, Patrolman Terry appeared on the scene, and placed Crutchfield under arrest, immediately releasing him, however, upon a bond of charges.

Captain Mayo learend of this at police headquarters and immediately issued orders for Crutchfield's arrest, which was accomplished by Sergeant Hubbard and Patrolmen Hill and Fields, near the postoffice about 2 o'clock. He was taken to the barracks and released at 4 o'clock upon depositing $100.75 collateral for his appearance before Recorder Broyles to answer the charge of disorderly conduct.

While not desiring to harshly criticise the policeman for releasing Crutchfield on a copy of charges, Colonel Graves expressed himself to the effect that it should not have been released probably would not have been had the officer known of the nature of the assault made by Crutchfield.

Crutchfield attacked Colonel Graves on account of articles published in the Georgian some time ago, which was an unfair trial

BONILLA WARS IN AUTOMOBILE.

Honduran President Makes Campaign in Motor Car.

Puerto Cortez, Honduras, March 8, via New Orleans, March 13.—President Bonilla, of Honduras, is conducting operations at the front with the aid of an automobile. Although his troops are two days' march from Tegucigalpa, their capitol, the commander is able to reach it in a few hours.

The strategic positions of the Honduran and Nicaraguan armies is described as follows in official dispatches from Tegucigalpa:

The army of Honduras has taken position facing the Nicaraguan frontier, and is deployed in a line including five principal divisions, each occupying a town or important road. President Bonilla is in comand at one end of this line, at Choluteca, where he has nearly 5,000 men. The strategic value of Choluteca lies in part in the fact that it is within one day's march from Salvador, and that the army of Salvador, acording to the terms of the mutual alliance between the two countries, is bound to aid Honduras in case of war.

Nicaragua's line of battle has been pushed forward past the frontier and into Honduran territory. It has occupied the towns of San Maricos de Colona and Namasigue. Within the last two days, however, the Nicaraguans' outposts were driven back from Namasigue.

Both armies have thrown out advance parties of 100 to 300 men each, and all the encounters reported up to this time have been between these small bands. The Namasigue fight was of this character. Exaggerated reports have termed several of these skirmishes battles, but in fact, no important engagement has yet been fought.

Withdraws Steamship Service.

San Francisco, March 14.—Stockholders of the Oceanic Steamship company, were notified at a meeting of the board of directors held here that in view of the heavy financial loss to the company during the last year it had become necessary to withdraw from the Australian service the steamships Sierra, Ventura and Sonoma and that these steamers would be laid up on arrival at port. The steamers Alameda and Mariposa will continue in the present service between here, Honolulu and Tahiti, they being the only two boats operated profitably.

Was Playing With Matches.

Albany, Ga., March 14.—Josie Strickland, 3 years of age, a daughter of Mr. and Mrs. D. C. Strickland, was so severely burned at Baconton, that she died in agony a few hours later. The child had been playing with matches during the morning and was punished by her mother. During the afternoon she secured the matches again, lighted them and set her clothing on fire. The body was carried to Slylvester for interment.

Killed in Collision.

Nashville, Tenn., March 14.—In a head-on collision between two freight trains on the Louisville and Nashville railroad at Rockland, 14 miles north of this city, at 1 o'clock Wednesday morning, Fireman R. M. Harper, of the north bound train, was killed; Engineer R. E. Lynch, of the same train, and Fireman E. B. Neimeyer, of the southbound train, were seriously hurt. The cause of the wreck has not been made known.

Death Calls Brave Officer.

Americus, Ga., March 14.—Death came Tuesday morning to Police Officer William Martin, who was shot Sunday morning by the negro desperado, Bill Reese. Officer Martin died at the Americus hospital, where he has been since the shooting. He is survived by a large family. He was one of the best and most efficient policeman in the city. Great indignation has been caused by his death.

Spurgeon Resigns Pastorate.

London, March 14.—Rev. Thomas Spurgeon, pastor of the Metropolitan Tabernacle, has tendered his resignation, partly owing to poor health. The deacons oppose his resignation, and suggest that he take a long vacation. The question will be submitted to a vote from members of the

TO HER DESTINATION U. S. STEAMER SAILS

Has On Board One Thousand Rifles Destined

FOR PORT AMAPALA, HONDURAS

Ship Was Recently Overhauled by a Nicaraguan Gun Boat, But Has Been Permitted to Proceed to Her Destination by Authorities.

Managua, Nicaragua, March 14.—The American steamer, City of Para, having on board 1,000 rifles, destined for Amapala, Honduras, was recently overhauled by a Nicaraguan gunboat, which seized the rifles.

The steamer was then permitted to proceed to her destination.

Nothing from the authorities has been received as to the cause of the retaining of the vessel and the seizure of the arms.

Smith Again on Stand.

News York, March 14.—Jame Clinch Smith, Stanford White's brother-in-law, was called again as a witness on the Thaw trial Wednesday morning. Mr. Smith was tardy in arriving and Mr. Jerome summoned Abraham Hummel to the stand. Mr. Hummel had scarcely taken his seat when Smith put in his appearance. Thereupon Hummel was temporarily excused. Mr. Smith was question by Mr. Delmas, for the defense, as to the cablegram from Mr. Jerome summoning him to appear as a witness. Mr. Smith said he did not have either the original of the cablegram or a copy. "As I remember the mesage," said Mr. Smith, "it read: 'Your evidence most important. Your attendance desired.'" He had first communicated this evidence to his lawyers.

Negro Wants To Be Mayor.

Kansas City, March 14.—Joshua Wallace Voohies, a negro, has a petition signed by 678 members of his race, with the city clerk in Kansas City, Kan., asking that his name be placed on the ballot for mayor on the independent ticket to be voted at the coming municipal election. Voorhies was born a slave in Nashville, Tenn., just before the close of the civil war. He has been a member of the police force and has been deputy street commissioner and is at present in business for himself. "Do you expect to win?" was asked of Voorhies. "Sure I do. I would not have entered the race if I had not. No man ever lost yet that I backed for office. I can push myself in the same way."

Big Suit Is Filed.

Lexington, Ky., March 14.—Suit to recover $100,000 damages was filed Tuesday night in the Fayette circuit court against James Hargis, Edward Callahan and Elbert Hargis, by T. P. Carduell, Sr., guardian for Edward Cox, Lucie Cox and Brackie D. Cox, children of Dr. B. D. Cox, and infants under 14 years of age. In the petition it is alleged that the defendants, James Hargis, Edward Callahan and Elbert Hargis, conspired together with each other, and with John Smith, John Abner and Asbury Spicer and others, whose names are not known, to murder B. D. Cox. It is further alleged that the Hargises and Callahan and their associates did on April 13, 1902, murder Cox.

Fifteen Persons Injured.

Los Angeles, March 14.—Fifteen persons were injured early Wednesday when a Southern Pacific freight engine crashed into a street car at a crossing near Ascot Park. Two of the injured, Motorman Graheek and Benjamin Head, will probably die. The engine struck the car and almost demolished it.

Bank President Commits Suicide.

Canton, O., March 14.—Horace G. McDowell, president of the farmer's bank of Canton, shot and killed himself at his country home five miles north of this city. He was known throughout Ohio as a breeder and a buyer of high-class sheep.

ARRESTED AS HE LEFT THE SHIP

Arthur Stone, of Philadelphia, Was Wanted for Robbery.

Savannah, Ga., March 14.—Arthur Stone, of Philadelphia, was arrested here as he left the steamship Allegheny on her arrival from that port, on the charge of having robbed Harbormaster Pollock, of Philadelphia, on Tuesday night by holding him up in the street. Stone confessed and implicated his brother-in-law, John Strickland, and "Billy" Keith, of Philadelphia, as accomplices. He will return without a requisition.

Philadelphia, March 14.—With the arrest of Arthur Stone, at Savannah on the charge of holding up Harbormaster Pollock, of this city, the authorities have in custody all the men implicated in the robbery. John Strickland and William Keith, whom Stone implicates in the hold-up, were arrested here last Thursday. They pleaded guilty and were sentenced to ten years each in the county prison. They informed the police of the whereabouts of Stone.

Sherry Growing Popular.

London, March 14.—Sherry is growing popular as a table wine in England, although claret at present holds the leading place. This popularity is attributed to the keen interest King Alfonso of Spain, has shown in the manufacture of sherry. When he was in England, the Spanish monarch insisted upon sherry being on the table at every dinner he attended and out of recognition of his advocacy of that variety of wine, King Edward promised that henceforth it would appear daily in the British royal wine list. Since then the patronage of sherry has been slowly increasing.

Will Address Peace Congress.

New York, March 14.—Earl Grey, governor general of Canada, has accepted an invitation to deliver an address at the public diner April 17, which is to close the National Peace congress. Other speakers at the dinner will be President Roosevelt, President Samuel Gompers of A. F. of L., Baron d'Estournelle de Constant ,of France; W. T. Setad, the English editor, and Sir Robert Cranston, lord provost of Edinburgh. President Diaz, of Mexico, was invited to speak at the dinner, but he telegraphed Tuesday regretting that he could not attend.

Morgan Sails for Liverpool.

New York, March 14.—J. Pierpont Morgan sailed Wednesday morning for Liverpool on the steamship Baltic. Mr. Morgan went aboard the steamer last evening which was scheduled to sail early in order to take advantage of the tide. Mr. Morgan declined to be interviewed on his Washington mission and refused to state what could be accomplished by the railroad president's conference with President Roosevelt. He sent out word that he did not care to add anything to his Washington statement.

Wants to Paint Scaffold.

Mobile, Ala., March 14.—Andrew Thomas, a white man who is to be hanged here Friday for the murder of his wife, Harriet Thomas, was recently visited by a relative. When the time for her departure came Thomas was allowed to accompany her to the yard, in which the scaffold stands ready for its mission of death. Walking up to the scaffold, Thomas turned to Sheriff Casalas and said: "Sheriff, why not let me paint this scaffold; I can do it well. Let me paint it, red, white and blue."

Two-Cent Fare in Tennessee.

Nashville, Tenn., March 14.—The Tennessee general assembly reconvened Tuesday afternoon after a recess of one month. Among the important legislation to come before that body are the 2-cent passenger bill and a number of insurance measures. The legislature will continue in session for thirty days longer.

Suffering From Nervous Prostration.

New York, March 14.—Advices from California announced that "Joe" Ullman, known throughout the country as a sporting man, has been placed in a private sanitarium in Belmont, Calif., Mr. Ullman is suffering from nervous prostration and his condition was reported as critical. His brother, Cole, arrived Tuesday.

BRIDGE COLLAPSED; TRAIN WENT DOWN

Engineer, Fireman and One Passenger Were Killed.

HIGH WATER CAUSED ACCIDENT

West Pennsylvania Railroad Bridge at Harmaville, Pa., Collapses on Account of High Water and Train Goes Down, Killing Three.

Pittsburg, Pa., March 14—It is reported that the West Pennsylvania railroad bridge at Harmaville, Pa., collapsed Wednesday on acount of the high waters of the river.

A train is said to have gone down with it, killing three people, the fireman, engineer and a passenger.

MONEY WILL BE RETURNED

So Officials Think of Theft at Chicago Sub-Treasury.

Chicago, March 14.—"If the man who got the $173,000 from the subtreasury will send it back through the mail or by express, the chances are he never will be detected."

This observation was made Tuesday by a high federal official working on the disappearance of the money and it represents the hope of the government employees so far as can be learned, from any one engaged in the investigation. The hope that the money would be returned in some mysterious fashion so far to materialize.

Deputy Thomas Banks admitted for the first time that there is a remote possibility that the cash missing is not $173,000. He made it with a reservation.

"I have not made my official report to the government that there is a shortage of $173,000," he said. "I cannot do so until I have counted all the money—$60,000,000—in the subtreasury. My four assistants up to the present time have counted $12,000,000.

153 Men Not Accounted For.

Toulon, March 14.—Minister of Marine Themson arrived here Wednesday from Paris. The roll of the battleship Iena, on which the disastrous explosion occurred Tuesday, was immediately called and 407 men replied to their names. Those of the crew who are injured are quartered temporarily in the naval barracks. Twenty-four officers and engineers also are reported to be safe, and besides, there are 44 of the crew lying in the hospitals seriously injured. It is said the officers and crew numbered 630, and is thus to be seen that 153 are not accounted for, but the naval authorities consider it most probable that a large number of these have sought refuge with relatives or friends in Toulon.

Will Nominate Candidates.

Guthrie, Okla., March 14.—The democratic party will hold primaries June 1 for the nominations of candidates for the United States senate and for all state officers. This has been agreed upon between a subcommittee of the constitutional convention committee on primaries and a subcommittee of the democratic state central committee. The right of women to vote in the new state was restricted further Tuesday night when the privilege to vote in all matters relating to schools was changed to read that women should vote only in school district elections.

Will Not Run Again.

Los Angeles, Cal., March 14.—In an interview here Dr. Nicholas Murray Butler, president of Columbia university said: "President Roosevelt will not run for president again no matter what pressure is brought to bear upon him. The principles which Roosevelt stands for are greater than the man. The republican party must support these principles no matter who its standard bearer may be at the next election. With Mr. Root president, and Mr. Taft chief justice of the supreme court, conditions would be pretty near ideal. But I hardly look for such a combination to succeed."

THE PRAIRIE IS LOW.

Much Trouble is Anticipated for Keeping the Fish in Order.

The Prairie, known as Alachua lake, is the lowest now that it has been for the past fifteen years, and unless something is done the lake, which is filled with choice fish and the means of support of a hundred and fifty people, will cease to yield, the fish will die, and this small army of men will be put of employment, to say nothing of the inconvenience which must be suffered by the consumer.

Alachua lake is one of the leading fishing grounds of the State. It actually swarms with members of the finny tribe of all varieties from the cat-fish, the Jack and the sucker, to the highest and most delicate varieties, such as trout.

But the lake has been going down for some time, with the result that the fish are suffering. Fine trout of immense proportions have been seen dead upon the beach and other places, caused by the fact that the water has been too low to accommodate them in their natural haunts. The result has been that fishermen have been unable to support the demand, and fish have been scarce for the past few weeks.

The Gainesville Fish Company, however, have decided to remedy the situation. This company will at once construct dams, which will retain the water, and which will, in due time, relieve the situation.

The Gainesville Fish Company virtually controls the "catch" at Alachua lake, as that company purchases the fish brought in by other fishermen. The price paid is satisfactory, however, and all fishermen would do well if the water was sufficiently high.

AN IMPORTANT CASE.

A Famous Boundary Line Case Before Judge Davis Not Yet Ended.

The famous case in which Judge Horace Davis as referee or special master was engaged, R. H. Dowling being plaintiff and W. A. Sparks defendant, is not settled, and the chances appear favorable for a long drawn-out case, both sides being obstinate and determined.

The case was called at first hearing several weeks ago. There was an interesting session, in which several witnesses testified. After this the case was postponed for a week or ten days, then resumed, and again postponed. On Wednesday and Thursday there was introduced considerable evidence in the case, when the trial or hearing was again adjourned until the 21st inst.

THE NEWS FROM MELROSE.

A Delightful Entertainment—Other Notes of Personal Interest.

Melrose, March 14.—The outdoor concert given for the benefit of Trinity Church on Tuesday night was an unqualified success in every way—musically, socially and financially.

The wide verandas and the grounds of Keystone Cottage, which had been very kindly placed at the disposal of the committee for the occasion by Mr. and Mrs. J. A. Remmel, was brilliantly lighted up by innumerable lanterns, large and small, and chairs and benches offered comfortable sheltered seats there, while others were scattered under the trees and on the lawn fronting the verandas.

The concert began promptly on time and the following program was finely rendered:

Pianola solo—Mrs. J. A. Remmel.

Song—"If All the World Belonged to Me"—Miss P. Griner.

Song—"The Nightbirds' Cooing"—Miss Flora Morris.

Piano Solo—The Circus Parade—Mrs. A. Gomez.

Song—"The Lost Chord"—Rev. F. S. Hyatt.

Song—"Japanese Love Song"—Miss V. Brown.

Song—"Your Eyes so Dear"—Mrs. L. M. Pearsall.

Song—"The Holy City"—Rev. F. S Hyatt.

Song—"Good-Night"—The Gomez Trio.

The several accompanists were Mrs. J. A. Johnson, Mrs. A. Gomez and Mrs. W. Gomez. Much applause assured the performers that they had a very appreciative audience and they very kindly responded to the many encores.

After the close of the concert delicious refreshments were served and much enjoyed by all present; ninety tickets were sold and nearly all were taken up at the gate.

The church wardens, H. von Noszky and J. A. Remmel, and the members of Trinity Church, desire to express their most cordial thanks to all and sundry who so freely and generously helped towards making this function such a success.

A very pleasant dance was given at the Huffman House on Saturday in honor of Miss Kate Mizelle, who has just returned from her school near Keuka.

Mr. and Mrs. W. H. Gomez of Hartfield, N. J., are the guests of Mr. and Mrs. A. Gomez.

The spring cemetery cleaning took place on Saturday, and brought out a large crowd who soon made short work of the required raking and weeding, and were then ready to enjoy the fine dinner provided.

At the next regular meeting of the Ladies' L. and D. Society on March 15th, Mrs. Brown will read a paper on "Child Labor."

Mrs. S. M. T. Caldwell entertained a number of friends at supper and cards very pleasantly on Wednesday night.

KILLS CATARRHAL GERMS.

Breathe Hyomei's Medicated Air and You Will Soon be Well.

If you have catarrh in the nose, head or throat, with offensive breath, coughing, irritation of the throat, raising of mucous, difficulty in breathing, sneezing, husky or hoarse voice, discharge from the nose, tickling and dropping at the back of the throat, especially at night, begin the use of Hyomei at once.

Its healing medication breathed through the neat pocket inhaler that comes with every outfit, will give quick relief in all catarrhal troubles, and its continued use will kill the catarrhal germs, and drive them from the system.

By using Hyomei you get in your own home the same results as though you lived out of doors in the Adirondacks or the Colorado mountains. The germ-killing properties of Hyomei reach the most remote air cells of the respiratory organs, soothing and healing any irritation there may be in the mucous membrane, and killing all catarrhal germs.

Here in Gainesville where Hyomei has been known and sold, there are many who freely attest its wonderful powers, but the best testimony that can be offered in favor of Hyomei is the guarantee that J. W. McCollum & Co. give with every outfit they sell, "money back if it fails."

The complete Hyomei outfit costs but $1.00, extra bottles, if needed, 50c, making it the most economical treatment for catarrh as well as the only ... guarantee to

Some attractive dishes are made with Lard. It's like serving indigestion with a sugar coating

How can you expect digestible food to be made from a product obtained from swine? It isn't reasonable to expect. And yet many people keep on using lard—an enemy of good digestion—through ignorance of something better. It doesn't pay. Your stomach is your best friend, and 'twill be a sorry day for you when it goes back on you.

Cottolene is the product which will set you right. It is the best and purest frying and shortening medium in the world—far superior to lard or cooking butter.

Cottolene is a vegetable, not an animal product.

For your stomach's sake, use *Cottolene* for cooking. You'll never go back to lard. *Cottolene* is never sold in bulk—it comes only in sealed white tin pails with a red label and band. In the center of the label is our trade mark—a steer's head in cotton plant wreath.

Take no substitute.

COTTOLENE was granted a GRAND PRIZE (highest possible award) over all other cooking fats at the recent Louisiana Purchase Exposition, and food cooked with COTTOLENE another GRAND PRIZE.

"Home Helps" a book of 300 choice recipes, edited by Mrs. Rorer, is yours for a 2 cent stamp, if you address The N. K. Fairbank Company, Chicago.

A NEW FEATURE—The patent air-tight top on this pail is for the purpose of keeping COTTOLENE clean, fresh and wholesome; it also prevents it from absorbing all disagreeable odors of the grocery, such as fish, oil, etc.

Nature's Gift from the Sunny South

Suicided Over Love Affair.

Mobile, Ala., March 14.—Unconscious from a bullet hole in his head and believed to have been self-inflicted with suicidal intent, Ward Allen, said to be the son of prominent Knoxville, Tenn., people, was found in a desolate spot north of the city at an early hour Tuesday. The bullet passed through the head, tearing away part of the skull. Allen lived for several hours. From letters found upon the body it is believed that the man committed suicide over love affairs.

Leaves No Heirs.

Kansas City, March 14.—Adolph Hunttermann, who died in the general hospital Tuesday, leaving an estate estimated at $400,000, has no heirs, as far as the public administrator can learn. Hunttermann came to America in 1843 from Hanover, Germany, with his parents and a brother and sister. All others are now dead. The family lived at the city of Lawrence, Kans., in the early days and they were among new survivors of the Quantrell raid.

NATURE SPARES

The Stricken Rose From Grief.

What a fortunate provision of nature it is, that deprives the rose of mental suffering; for how poignant would be its grief to discover, in the height of its blooming glory, that a canker fed at its heart, and that its beauty and fragrance were doomed forever. Nature always spares the suffering; she is a veritable store-house of pleasing rewards to those who seek her aid. In the years gone by falling hair and grayness have cast a gloom over the lives of thousands of young women, but thanks to the investigations of scientists the true cause of hair destruction is now known to be a germ or parasite that burrows into the hair follicles. Newbro's Herpicide absolutely destroys this germ, thus permitting the hair to grow as nature intended. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

HONOR TO MR. LYNCH.

Elected Unanimously to Position of Grand Chanceller, K of P.

Louis C. Lynch, postmaster of Gainesville and an all-round public man, has been elected Grand Chancellor of the Knights of Pythias, at the election held by the Grand Lodge of that order Thursday.

Mr. Lynch has been very active in Pythian circles throughout the State for several years, and has been for the past year grand vice-chanceller commander. He is a man well known and well honored by his friends, and as postmaster of Gainesville has filled the position with credit to himself and the office.

The news of Mr. Lynch's election came Thursday in a telegram to Jesse E. Bartz, from a friend of Mr. Lynch who is a delegate to the Grand Lodge. There was no opposition or no strife, as the telegram announced that the election was unanimous.

Friends of Mr Lynch will join The Sun in congratulations upon his election, which is an assurance that the affairs of Pythianism in Florida for the next year will be properly and honestly handled.

The session of the Grand Lodge for 1907 has been a most profitable one, and is destined to prove of great benefit to the order. It was well attended, and is one of the best and most instructive ever held in Florida.

CHARGED WITH NEGRO BLOOD.

South Carolinan Returns to Albany to Answer Charge.

Albany, Ga., March 14.—Accompanied by Thomas N. Raysor, congressman from the Orangeburg district of South Carolina, Richard S. Whaley, speaker of the South Carolina house of representatives, also by his father, brother and several friends, Peter B. Zeigler, who was forced to leave Albany one week ago by a number of Albany young men, who charged him with having negro blood in his veins, has returned.

All members of the party refused to talk, though it is taken for granted that their visit is for the purpose of answering the charges made against young Zeigler.

The young men who required Zeigler to leave Albany waited on him in the evening, escorted him to a point several miles from the city and placed him aboard an early morning train, northbound.

Small Families Have New Champion.

Chicago, March 14.—Small families have a new champion in the person of Professor Edward A. Ross, the university of Wisconsin, sociologist, who combats President Roosevelt's theory and lays down a novel argument for the restriction of the human race. He takes a stand against the popular views of what he calls the hobby riders, and maintains that the cause of shrinkage in population lies in the "human will, influenced by certain factors which have roots deep in the civilization of our times." These factors, he declares, are democracy, the emancipation of women, the decay of religious beliefs.

$35,000,000 Bond Issue.

San Francisco, March 14—The directors of the Northwestern Pacific railroad have authorized, and the stockholders will shortly approve, a bond issue in the amount of $35,000,000. The new corporation which represents a consolidation of five railroad properties under the joint ownership of the Southern Pacific and Santa Fe, is capitalized for $35,000,000 of bonds, and when these bonds are formally authorized at a meeting of stockholders on April 29 the total capitalization of the company will be brought up to $70,000,000.

Archie Roosevelt Rapidly Improving.

Washington, March 14.—It was stated at the White House Wednesday morning that Archie Roosevelt had good night, and that he is making steady progress toward recovery. After his morning visit Dr. Rixey says that a continuance of the present rate of progress he will be able to be out in a week or ten days.

SUSPICIOUS BIRDS.

Easy to Make Sparrows Show Their Fear of a Trap.

One winter day I made an experiment with sparrows to see exactly how far their natural suspicion would hold out against hunger. I had often noticed that if one put a little bit of string, a large button or any strange object among breadcrumbs the sparrows would not touch the bread. They feared a trap. Starlings are less suspicious in this way. If they care about the bread at all, they are more trustful and do not make any fuss about some small foreign object. But I thought hard weather might make all the difference even to sparrows.

So I put a long piece of apple peel among the bread. It looked quite good to eat, but might be taken by a very suspicious bird for something of the nature of string or tape, which sparrows seem to regard with particular distrust. Can they regard it as an emblem of captivity? Directly the bread was thrown on the ground about fifty sparrows perched in a tree above it. They looked at it very gloomly, and not one ventured to come down. Generally they would be devouring the bread within a few seconds. For a little over three hours a crowd of sparrows watched the bread with the terrible piece of apple peel lying among it, but it remained untouched. Then one sparrow made up his mind to take the risk. He was soon followed by all the others. In twenty minutes the bread was gone. But they had wasted over three hours.—St. James' Gazette.

Huge Icicle Drops on a Car.

Niagara Falls, N. Y., March 14.—A huge icicle dropped from the cliffs of Niagara gorge onto a trolley car of the Gorge road, as it was passing the Whirlpool rapids. Motorman Everett Ramsdell was killed. Dr. and Mrs. M. B. Nervy, of Sioux City, Iowa, and Miss Nervy, were struck on the back and badly bruised, and S. C. Lindsay and wife, of Pittsburg, Pa., were badly injured, the former having his hands mashed. The injured were taken to the Prospect house.

Broke the Ice.

"Sir," exclaimed the indignant Boston girl after the kiss had been stolen, "how dare you! No man ever kissed me before!"

"Oh, that's all right!" replied the nervy youth. "Somebody had to break the ice."—Chicago News.

HINDOO HEAVENS.

Four Degrees of Bliss to Which the Departed Spirits Pass.

The Hindoos believe in four special abodes of the righteous after death. The first is called Sara-loga, "God's world;" the second, Sameeba, "Near to God;" the third, Sarobam, "God's image," and the fourth, Sayutcheyam, which signifies "to be absorbed in him."

To Sara-loga, the first degree of bliss, go the souls of all of those who have ever made a pilgrimage to a holy place or who have paid for the temple lights for one month. In Sara-loga there is great happiness and no work or sickness. The inmate is allowed to read the five sacred books, drink ambrosia and hear the houris sing.

To Sameeba go the spirits of all Keerikarar, or workers in the Brahman cause; also those who forego the comforts of life, such as sleeping in a recumbent position, eating sufficiently, etc. Their happiness consists chiefly of continually praising God.

To Sarobam, the third heaven, go the souls of such as never spoil God's model by shaving or paring the nails. These are the Brahman Yogis. They wander about the earth, always going from left to right. They eat nothing but nauseous food and live in a constant state of abstraction on divine subjects.

The fourth heaven, Sayutcheyam, is the coming abode of the "nyane," or philosophers. These nyane pay no attention to heat or cold, never bathe and often go for weeks without food. If they are sick, no one knows it but themselves. They are the stoics of the world of today and believe that in Sayutcheyam they will eventually be absorbed in the deity.

TRAINING ANIMALS.

Obeying the Word Regardless of the Tone and Manner.

It is true that animals can be taught to obey a tone alone—that is, a mere sound having no place among the lists of words. So may a human being. Therefore that proves nothing. It is likewise true that you may say a thing in a tone that contradicts the word, and the animal may or may not respond to the tone only, but the same effort will produce the same effect on any sensitive child, woman or man. Again, horses and dogs are the most sensitive of all brutes, the most easily offended, encouraged, discouraged. Therefore, need one be surprised if he finds it takes a long lesson to teach a horse or dog to obey the word regardless of the tone and manner? That either can be so taught, however, thousands of people know from their own experience.

I can say to my little Gipsy, "Come here and let me whip you," in the quietest, softest, most smiling style, and she comes cringing, trembling and ashamed, showing unmistakably that she considers the word "whip" humiliating and hateful, yet hopes I do not intend to inflict any punishment. Then I can frown my worst and shout out as savagely as I please, "No; you're a good dog!" and she frisks about joyfully, although she dislikes harsh tones even in sport.—Forest and Stream.

Cleaning Brass.

Here is the government recipe for cleaning brass. It is used in all the United States arsenals and is said to be the best in the world. This is the recipe: One part of common nitric acid to half a part of sulphuric acid. Keep the mixture in a stone jar, having ready a pailful of fresh water and a boxful of sawdust. Articles to be cleaned must first be dipped in the acid mixture, then into the water and dried with sawdust. This process of cleaning will change the brass immediately to a brilliant color. If the metal is greasy—as candlesticks would be—dip first in a strong solution of potash and soda, in warm weather. This cuts the grease and permits the acid to work. This method of cleaning brass is entirely harmless and is very satisfactory.—Cleveland Plain Dealer.

TIRED AND SICK YET MUST WORK

MRS. AUG. LYON

"Man may work from sun to sun but woman's work is never done."

In order to keep the home neat and pretty, the children well dressed and tidy, women overdo and often suffer in silence, drifting along from bad to worse, knowing well that they ought to have help to overcome the pains and aches which daily make life a burden.

It is to these women that Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, comes as a blessing. When the spirits are depressed, the head and back aches, there are dragging-down pains, nervousness, sleeplessness, and reluctance to go anywhere, these are only symptoms which unless heeded, are soon followed by the worst forms of Female Complaints.

Lydia E. Pinkham's Vegetable Compound

keeps the feminine organism in a strong and healthy condition. It cures Inflammation, Ulceration, displacements, and organic troubles. In preparing for child-birth and to carry women safely through the Change of Life it is most efficient.

Mrs. Augustus Lyon, of East Earl, Pa., writes:—Dear Mrs. Pinkham:—"For a long time I suffered from female troubles and had all kinds of aches and pains in the lower part of back and sides, I could not sleep and had no appetite. Since taking Lydia E. Pinkham's Vegetable Compound and following the advice which you gave me I feel like a new woman and I cannot praise your medicine too highly."

Mrs. Pinkham's Invitation to Women

Women suffering from any form of female weakness are invited to write Mrs Pinkham, at Lynn, Mass. Out of her vast volume of experience she probably has the very knowledge that will help your case. Her advice is free and always helpful.

An attractive woman who has attractive women friends is as rare as the sidelwise.

The thing for which you're striving is the tongue that mutely tells the story of your life.

Every great achievement is at the end of a desperate struggle and always in the face of tremendous odds.

When you are sailing in a nasty weather don't forget to blow your fog-horn. There's no use in wrecking anybody else.

To never to have loved is never to have lived. You may miss its perfection by "It is better to have loved and lost than never to have loved at all."

Gold mines would never have been discovered had it not been that the veins "crop out." Speaking about crops, real worth crops out, too.

Stop dreaming about so many sweet things and do a few of them. Do them now. Get used to it. Stop this eternal drifting. Do not dream—but do something.

If you want to have smooth sailing, remember that every fellow totes as much gray matter in his pate as you and your hearts are just about the same size.

When a man succeeds in covering a multitude of dirty life. Such an one, when he told his pastor that he saw a light ahead—it was doubtless a buzz saw.

Never get even with the fellow who does you wrong you will have to descend to his level. Revenge is sweet, but the fellow has to do that, revenge is much.

There is but one evil that is worse than money and that is a whiskered man who can tell you all about the proper use of the coin and yet never wangered a sue in his life.

Just so long as man can see the star of future that long will the sanctity of the home be preserved against juggled justice and the bloomered gang that hunger for equal privileges.

Would you catch the real meaning were one to declare that the most perfect love-sonnets the world has ever known would never have been written had Mrs. Robert Browning remained Elizabeth Barrett?

"How were you able to whip the Austrians one to four?" was asked of Napoleon. And his answer was, "I knew the value of time." The man who learns that trick is a sure winner, no difference what he sets about to do.

When a man has toiled for years, and at last lays by enough to get out of the world's unceasing grind, he does not thereby become a retired pirate—this modern croaking against the rich to the contrary notwithstanding.

CHILD IS NOW THE PICTURE OF HEALTH

"My baby's face and neck were covered with itching skin similar to eczema, and she suffered terribly for over a year. I took her to a number of doctors, and also to different colleges to no avail. Then Cuticura Remedies were recommended to me by Miss G—, who was telling me how they helped her. I did not use it at first, as I had tried so many other remedies without any favorable results. At last I tried Cuticura Soap, Cuticura Ointment, and Cuticura Resolvent Pills, and to my surprise noticed an improvement. After using three boxes of the Cuticura Ointment, together with the Soap and Pills, I am pleased to say she is altogether a different child and the picture of health, and now I have a firm belief in Cuticura Remedies and would not be without them in the house. I will gladly let you publish this testimonial as I would like others to have the same benefit that we did, and you may be sure I will recommend them strongly to everybody I know and to those I don't know, too. SHOT BROTHER OVER LAND LINE

Joe Hill Killed Dock Hill at Chestnut Hill, Tenn.

Knoxville, Tenn., March 14.—Joe Hill, aged 50 years, shot and instantly killed his brother, Dock Hill, 40 years of age, near Chestnut Hill, Jefferson county.

The men lived on adjoining farms which had been left them several years ago by their father. They have been at outs for a long time over a disputed boundary line. They had trouble over the cutting of a tree on disputed territory. Dock Hill fired three charges from a shot gun at his brother, but at such long range that no harm was done. Joe Hill at once went to his home, secured a rifle and returning to the scene shot his brother through the forehead.

At last reports Joe Hill had not been arrested, although he had not left the scene.

It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to anyone suffering from kidney or bladder trouble." Death for Boy If Not Ransomed.

New York, March 14.—The receipt by a New York detective agency of a second letter purporting to come from the supposed kidnaper of Horace N. Martin, Jr., the 4-year-old boy of Kitts Hammock, Del., has been announced. In this second letter the alleged kidnapers are reported to have declared that unless a ransom was offered at once they would kill the boy. As to the authenticity of the letter or the identity of the writer, nothing was made public. Neither was there anything to show that the detective agency had been authorized to negotiate for the return of the boy.

How to Remain Young.

To continue young in health and strength, do as Mrs. N. F. Rowan, McDonough, Ga., did. She says: "Three bottles of Electric Bitters cured me of chronic liver and stomach trouble, complicated with such an unhealthy condition of the blood that my skin turned red as flannel. I am now practically 20 years younger than before I took Electric Bitters. I can now do all my work with ease and assist in my husband's store." Guaranteed at all drug stores. Price 50c.

No Improvement in Car Trouble.

Louisville, Ky., March 14.—No improvement was shown Wednesday in the strike situation. Discomfort was added to inconvenience, and the citizens, with the novelty of the strike worn off, walked to their places of business through a heavy rain. The railway company started four cars at 8 o'clock, the first one out carrying 14 policemen. the company promises to increase the number hourly if they can induce the men they claim to have to take charge of the cars.

Clears the Complexion.

Orino Laxative Fruit Syrup stimulates the liver and thoroughly cleanses the system and clears the complexion of pimples and blotches. It is the best laxative for women and children as it is mild and pleasant, and does not gripe or sicken. Orino is much superior to pills, aperient waters and all ordinary cathartics as it does not irritate the stomach and bowels. J. W. McCollum & Co.

DEBILITY.

Many people who talk to me say: "I feel half sick all the time. I dont just know what's the matter with me." This is general debility. It's very common. People who get in this shape have my sympathy. They arn't sick enough for bed so they drag around and their families get exasperated with them.

E. MC DADE.

There are two causes for this condition; bad habits and a weak stomach. By bad habits I mean eating irregularly and too fast and not chewing the food thoroughly. The stomach gives out and loss of appetite, billiousness, constipation, and general debility result. First get the stomach in shape and then be more careful in the future, and the worn out, despondent, half sick feeling will be a thing of the past.

Two bottles of Cooper's New Discovery will put the stomach in shape. Common sense will do the rest. There are fifty thousand people in this country who know this to be true because they've tried it.

Here's a letter from one of them:

"I was all run down from overwork, lost ambition and energy and could not sleep. It was difficult for me to attend to my work owing to that tired-out feeling. I secured two bottles of the New Discovery medicine and determined to try it. The result delighted me for renewed strength and vigor and energy came with the first few doses. It's effect was different from anything I had ever taken. I finished the two bottles now and feel well and strong again." E. McDade, 839 Dix Ave., Detroit, Mich.

We hear favorable reports of these famous medicines every day. Ask us about them.

Some of us are pining for the classic shades of old Kentucky. We long for the land where the dark-eyed Southern girl flits like a fairy among flowers fresh-blown. We are dreaming of the far-off hills and the blue-grass meadows, where the corn is full of kernels and the colonels are full of corn.

An exchange says that in New Mexico, Johnny Gosh and Jennie Dern were married recently. The local editor could not resist the temptation to head it "Gosh-Dern." He has been living in the desert ever since, feeding on cactus and sand. He prefers that to facing the blushing bride and a furious husband.

There were 34,879 bills and joint resolutions introduced in the late Congress and of these 6,940 became laws. This beats the record as much as the enormously extravagant appropriations for nearly one billion dollars made at the last session. The question which the Republicans will have to explain to the people when paying their daily tariff tax to the trusts is in what way the voters are benefited by this extravagance.

The sudden order to close down the great Midvale steel plant and the discharge of its 3,000 workmen is said to be caused by the refusal of the Pennsylvania railroad to furnish cars and deliver coal to the Midvale people. As the Midvale company is the competitor of the Steel Trust in the manufacture of armor plate, there will undoubtedly be a thorough investigation to see if the railroad and the trust are not trying to defeat competition.

Hon. Champ Clark, who delivered a lecture at the Chautauqua in this city last Wednesday afternoon, is one of the most widely known Democratic statesmen in the United States. He has been in Congress for thirteen years from Missouri and belongs to the Bryan school of politics. Mr. Clark has for years furnished the Democratic country press with weekly letters, and is as well known for his writings as he is as a statesman. He met a hearty welcome from our people, all of whom would be glad to have him visit them again at some future time.

The result of the Senatorial election in Levy county was not particularly surprising to politicians in various parts of the State. Hon. John R. Willis, the successful candidate for senator, is well trained in the school of politics, and in this respect had both of his opponents at a disadvantage from start to finish. Gus Morton—"Jolly Gus," as he is familiarly known to his friends—was comparatively unknown to a great majority of the voters of Levy county, and has reason to feel proud of the vote he received. He is possessed of that geniality which makes friends wherever he goes, and the Sun predicts that he will yet come to the front in Levy county politics. Senator Willis is well known all over the State, having served a term in the lower house of the Legislature, as well as having served two terms as assistant reading secretary of the Senate. He is well equipped to serve his people in a legislative capacity, and his friends should have no cause to regret electing him to the Senate.

UNIFORM SCHOOL BOOKS.

Since our issue of last week in which we advocated the adoption in this State of a State uniform school book law, the editor has received a copy of the message of the Governor of Alabama to the Legislature of that State, which is now in session. Among other matters of interest we find in his message a reference to the operation of the uniform text book law in the State of Alabama, which indicates that the system has been a grand success in that State. The Governor said "The uniform school book law, which was passed at your last session, was made effective in the summer of 1903. It has been the law of the State for more than three years." After explaining the system in the message he further says that "the aggregate sale of books in the State on the basis of the new price list averages something like $200,000.00 a year. The saving for five years to the people of this State cannot hardly be less that 40 per cent, or an aggregate of $400,000.00.

"There is added to this argument in favor of the new law the great saving which comes from avoiding repeated changes and the annoyance which parents suffer from such changes. Moreover, the average girl and boy now have a better book to study than they have known before."

Doubtless the book combines worked against Alabama passing the uniform law and raised just such objections to it as we have been reading recently in Florida, but the Legislature did pass the law and we see from the Governor's message the great benefit it is giving to the people of Alabama. If this law is good for Alabama, it is good for Florida.—Lakeland Sun.

ANOTHER TARIFF WAR.

The standpatters are soon to be confronted with another tariff war besides that with Germany. The special parliamentary commission in France has decided to maintain maximum tariff rates at double the minimum rates, so as to force concessions from the United States and other countries, which refuse to make reciprocity treaties or reduce their tariff schedules. In spite of these ominous proceedings of foreign countries to retaliate against our trust protecting tariff, it is said that the Republican leaders have agreed to "let well enough alone" until after the next presidential election. They evidently fear a split in the party if tariff revision should be attempted and a certain victory for the Democrats, but events may compel them to do what appears to be to their disadvantage.

Experienced actors tell us that they feel the characters which they impersonate; that if they are playing noble, heroic characters, they actually feel the noble impulses, the strong tonic of the heroism assumed. On the other hand, when they are playing mean, contemptible parts they feel mean and debased. Here's a message for you. Don't put this paper down until you get it, neither: There is everything in assuming, firmly and persistently, the part you desire to play in life's great drama.

Among the experts butting into the limelight of the Thaw case is a palmist who has read the hands of almost every principal in the case. Can't suggest anything else unless they call in a pedist and have their hoofs looked over.

It at least is reassuring to observe that in spite of changes of policy on the part of this government, the Isthmus of Panama continues to stay right where it was originally discovered.

It seems unnecessary to state that the Illinois man who lost his mind because of the increase of salary was not a Congressman.

Jottings From Jonesville.

Jonesville, March 14.—H. A. Pickett has been on a business trip to Tampa, returning Tuesday.

Miss Lizzie Hamilton visited her sister, Mrs. J. C. Fortson, last week.

Mrs. C. O. Greene, formerly of Double Sink but now of Tioga, is visiting relatives here this week.

Geo. Sharp of Fort Meade is visiting friends and relatives here.

T. R. Pickett made a business trip to Gainesville Wednesday.

Mrs. M. N. Sanchez is again able to be up, after a confinement of several weeks with fever.

J. W. Griffin and sister, Miss Lizzie, were visiting at Mrs. Hamilton's Sunday afternoon. Their horse, being hitched, broke loose and in making an effort to catch it, frightened it, which resulted in a runaway. The horse tore the buggy and harness up, but we are glad to report no one hurt.

AN INDIAN MYSTERY.

The White Woman Who Fought With the Tonto Apaches.

The following story was told by one of Arizona's early pioneers:

In 1864 Dr. Alsap and Lord Duppa, well known pioneers, were prospecting with a party in the Bradshaw mountains on the Hassayampa creek. One morning the party separated for the purpose of hunting. In going up a canyon, in which they were separated from their companions by high mountains, Duppa's detachment was attacked by a large band of Tonto Apaches. The whites gradually fought their way across the ridge with the hope of rejoining their companions. During the advance Duppa, who was stationed behind a rock, noticed that he was the particular mark of an Indian with a bow. Several arrows had fallen at his feet, and one struck him in the arm. Raising his rifle, he took aim, and just as he was touching the trigger the supposed Indian cried, "Don't shoot!" in good English, but it was too late, and the body fell over with life extinct. Soon after the two parties succeeded in forming a junction, and the Indians retreated, leaving their dead.

Out of curiosity the party returned to the place where Duppa killed the supposed Indian and found that it was a white woman, evidently about thirty years of age and dressed in all the paraphernalia of the Apaches. Investigation was made, but no trace of her former whereabouts could ever be obtained.

THE UNEXPLORED.

Many Regions of the Earth Still Remain a Mystery.

Many years will elapse before any other continent is as well mapped as Europe, and perhaps the era of perfected mapping all over the world may never come, because surveys are very expensive and the five other continents have far greater expanses than Europe with comparatively worthless lands that do not call for the most detailed and costly cartography. But a large amount of pioneer work still invites the explorer, for many of the unknown areas have much territorial extent. The Amazon basin, for example, one of these regions are each much larger than all of our New England states. One unknown area in northern Alaska is nearly as large as New England, and the Sahara has two districts in black that are each twice as large as England and another three times as large as New England.

Africa still has several of these vast mysterious spaces, and the solid chunk of unknown in New Guinea, the largest island in the world excepting Australia, would swallow up New England and leave a black border all around it.—Cyrus C. Adams in Harper's.

"Leaves."

The man who is penetrated by true principles even the briefest precept is efficient, and common precept, to restrain him that he should be free from anger and fear. For example, says Virgil:

"Become the wind scatters on the ground—
Even the race of men.

"Thine also are thy children, and vain too, are they who cry out as if they were worthy of credit and bestow praise or, on the contrary, curse bitterly blame and sneer, and leaves of manner are those who shall receive and transmit a man's fame to memories, for all such things as these are produced in the season of spring," the poet says. Then the wind casts them down. Then the forest produces other leaves in their places. But a brief existence is common to all things, therefore thou avoidest and pursuest all things as if they would be eternal. A little time, and thou shalt close thy eyes and him who has attended thee to the grave another soon will lament.—Marcus Aurelius.

Curious Nesting Habits.

Many birds in their nesting habits have accommodated themselves to the presence of civilization. Thus the barn and cliff swallows, which once built under overhanging cliffs and in caves, now place their nests on the rafters and beneath the eaves of our barns. The chimney swift, which originally selected its nest on the inside of hollow trees, now uses our chimneys for that purpose. The purple martin, once nesting exclusively in holes in trees, will now in many sections of the country occupy nothing but the bird boxes which kind hearted men have erected.

ORDINANCE NO. 132.

An Ordinance to Provide for, Regulate and Require the Widening of Pleasant Street in the City of Gainesville, so as to Make said Street a Forty-Foot Street From a Point Where Liberty Street Crosses said Street, Thence North to Boundary Street, for the Costs of Such Widening and the Issuance of Special Assessment City Certificates.

Be It Ordained by the Mayor and City Council of the City of Gainesville, Florida:

Section 1—That the City Attorney be and he is hereby authorized and directed to institute or cause to be instituted the necessary and proper legal steps of proceedings to acquire by condemnation, as provided by law, a strip of land, in equal proportions, along the east and west sides of Pleasant street from its intersection with Liberty street, thence north to Boundary street, of sufficient quantity to make said Pleasant street a forty-foot street in width, from Liberty street to Boundary street.

Sec. 2—That the cost of acquiring said property as provided by section one of this ordinance shall be paid by the special assessment of said cost against the property fronting or abutting upon said street where the same is so acquired, in proportion to the frontage of the property fronting thereon, said special assessment being made per front foot of the property abutting thereon. The estimated total cost of the widening of said street as herein provided is Three Thousand dollars, and the estimated amount per front foot of the special assessment to be levied upon the abutting property fronting on said street where the same shall be widened is One dollar.

Sec. 3—The special assessments shall become due and payable as fast as the property herein described for the widening of said street shall be acquired, and the City Council shall as soon as practicable after the acquisition of said property meet and by resolution fix the special assessment per front foot upon the property fronting or abutting upon said street where the same is so acquired, said special assessment not to exceed the actual cost paid by the city for acquiring said property, or the estimated special assessment per front foot for such acquisition as stated herein.

Sec. 4—The City Council shall meet on the 8th day of April, 1907, at 7:30 o'clock p. m. of said day, in the Council chamber, and at said meeting shall permit any owner of or other person interested in the property against which the special assessment provided for by this ordinance shall be levied to present their objections to the enforcement of requirements of this ordinance.

Sec. 5—That this ordinance shall take effect immediately upon its passage and approval.

Passed in open session of the City Council on this 7th day of March, 1907.

G. K. BROOME,
President City Council.

Attest: J. M. DELL, City Clerk.

Approved by me this 8 h day of March, 1907. W. R. THOMAS, Mayor.

Attest: J. M. DELL, City Clerk.

One Thing at a Time

"I can't afford to advertise on a large scale," said a merchant lately, "and with my varied stock I wouldn't know where to begin on a small scale."

It is a common fallacy that the advertising must cover the whole stock.

In point of fact it never does, even with the most lavish advertisers, and, if it did, the result would be a jumble of prolixity. The true policy is to select one article at a time—something moderately priced and meeting the want of the day—and push that at the people.—Philadelphia Record.

EXPLOSION OF BIG PIPE.

A Number of Men at Montezuma Near to Death.

Montezuma, Ga., March 14.—The big 5-inch steam pipe which conveys the steam from the boiler to the press at the Montezuma compress, exploded and several men came near losing their lives.

Manager W. H. Tooks was at the lever and just as he was in the act of turning on the steam to press the first bale of cotton of the day, the big pipe burst and fell with great force to the floor. In an instance the whole surroundings was so completely filled with steam and hot water it was impossible to see. Every one realized the trouble at once, and made for shelter. Mr. Tooks was standing directly under the pipe and crawled over a lot of tires to the Central railroad track.

The force of the escaping steam was so great it burned large holes in the heavy flooring.

President C. J. Lewis says the damage will amount to but little and will be repaired at once.

This has been a most successful year for the Montezuma compress, it having been necessary to run both day and night most of the season. As this is the first accident to happen, the officers feel proud it was not of larger proportions.

Saved Her Son's Life.

The happiest mother in the little town of Ava, Mo., is Mrs. S. Ruppee. She writes: "One year ago my son was down with such serious lung trouble that our physician was unable to help him; when, by our druggist's advice I began giving him Dr. King's New Discovery, and I soon noticed improvement. I kept this treatment up for a few weeks when he was perfectly well. He has worked steadily since at carpenter work. Dr. King's New Discovery saved his life." Guaranteed best cough and cold cure by all druggists. 50c and $1.00. Trial bottle free.

Corporation Will Probably Appeal.

Prestonburg, Ky., March 14.—After hearing arguments in the Virginia land grant cases involving title to one hundred thousand acres of mountain land valued at $3,000,000, Judge Harris late Tuesday denied the petition of the Eastern Kentucky Land corporation. The corperation is composed of New York men. The corporation will probably appeal.

The New Pure Food and Drug Law.

We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. J. W. McCollum & Co.

Met with Serious Accident.

Rio de Janeiro, March 14.—Senora Prenha, wife of the vice president of Brazil, met with a serious accident Tuesday. The horse she was riding became fractious and threw her to the ground. Senora Prenha, has suffered a broken leg.

Rheumatic Pains Sore Hands or Feet

Gives Instant Relief

Minard's Liniment was prescribed by Dr. Levi Minard in his private practice fifty years ago. It is the most effective, economical, and clean-to-use external application for rheumatism, neuralgia, pleurisy, stiff, twisted joints, sore, strained, or lame muscles, tired, aching feet, any pain or ache, as well as for throat and lung troubles and as a general family medicine. So pure and antiseptic, so powerful, penetrating, and soothing. Minard's Liniment has justly earned its title, King of Pain.

CURED THIS MAN
Will Cure You

"Accept my heartfelt thanks on behalf of my aged father, who for the past six months was severely troubled with rheumatism in left arm so much so that he could no longer work at his tailoring profession, and after consulting the leading specialists of this city, and trying enough so-called remedies to sink a boat, we finally made up our minds that he was a hopeless invalid. I can truthfully assert the fact that my father's paralyzed arm regained its full vigor and it is today as well as it ever was, after using Minard's Liniment.—

Francis N. Spicola,
88 Penn St., Providence, R. I.

Large bottles 25c. and 50c. At druggists and general stores.

For free sample bottle write Minard's Liniment M'f'g Co., South Framingham, Mass.

Freed of Murder; Marries.

New Orleans, March 14.—A special from Shreveport, La., says that at about midnight Tuesday night in in the court room where he had five minutes before been declared not guilty of murder, Les Brock, was married to Mrs. Hattie Kelley, the woman in defense of whose reputation he did the killing which caused the trial. The jurymen who had acquitted him were the witnesses and the trial judge performed the ceremony. The jury donated the license. Brock shot I. A. Bickham last summer alleging that he cursed Mrs. Kelley.

Dangers of Pneumonia.

A cold at this time if neglected is liable to cause pneumonia which is so often fatal, and even when the patient has recovered the lungs are weakened, making them peculiarly susceptible to the development of consumption. Foley's Honey and Tar will stop the cough, heal and strengthen the lungs and prevent pneumonia. Legrippe coughs yield quickly to the wonderful curative qualities of Foley's Honey and Tar. There is nothing else "just as good." J. W. McCollum & Co.

Ex-President of Argentina.

Rio de Janeiro, March 14.—Senor Roca, former president of Argentina, arrived here Tuesday, and was enthusiastically welcomed. A committee, headed by prominent government officials, met him, and escorted him to the palace of Alvantes, where General Roca will lodge. The troops lined the harbor when Roca landed and the bands played the Argentine anthems.

Worked Like a Charm.

Mr. D. N. Walker, editor of that spicy journal, The Enterprise, Louisa, Va., says: "I ran a nail in my foot last week and at once applied Bucklen's Arnica Salve. No inflammation followed; the salve simply healed the wound." Heals every sore, burn and skin disease. Guaranteed at all drug stores. 25c.

Mr. Moore, who owns the Commercial Hotel, states that the season just coming to a close has been the largest and most successful since the big freeze. There were many sportsmen who came to take advantage of the fine hunting in the Hawthorn section, with the result that the season was a long and pleasant one.

FLORIDA WINTER CHAUTAUQUA.

Interesting Program Thursday—Meetings Were Well Attended.

The Florida Winter Chautauqua program Thursday was a most enjoyable one, occupying virtually most of the entire day.

The school of physical education at 9 o'clock opened the day's ceremonies. At 10 o'clock there was a Bible lecture and lesson by Prof. Brown, followed by the school of health and cooking at 11 o'clock.

In the afternoon, at 3 o'clock, there was a lecture by Edward Everett Carr of Chicago, the object of which was "A Casket of Gems." Mr. Carr is a fine speaker, and impressed his hearers deeply. He is not only eloquent, but impressive, interesting and instructive.

At 4:30 o'clock the Seton Indians had a pow-wow, which was very amusing, but at the same time instructive. Miss Lamkin is doing a fine work, as she teaches the children, as well as making a pleasant pastime for them. The character of the work is bound to leave a beneficial impression on the minds of the young people who are assisting her.

The LaDelle Concert Company made their appearance in the evening for the first time, and were warmly received. They were followed by Dr. A. T. Kempton of Massachusetts in his illustrated lecture, "Hiawatha," which was quite interesting

The program for today will be as follows:

School of physical education at 9 a. m.; Bible lecture at 10 a. m.; school of halth and cooking at 11 a. m. Reading by Miss LaDelle at 3 p. m.; lecture, "Our Relation to the Universe," by Mrs. Laura G. Fixen, at 3:15; Powwow of Seton Indians at 4:30; lecture, "Getting Married," by Edward Everett Carr, 8:15 p. m., preceded by a prelude by the LaDelle Concert Company.

Ponce De Leon Celebration—St. Augustine.

On account of the Ponce De Leon celebration at St. Augustine, Fla., April 2nd to 4th, 1907, inclusive, the Atlantic Coast Line railway will give a special rate of one and one-third first-class fares for the round trip. For Pullman reservations and detailed information see the Atlantic Coast Line agent or write Frank C. Boylston, District Passenger Agent, Atlantic Coast Line, Jacksonville, Fla.

RICH BLOOD THE SECRET OF HEALTH

Druggist W. M. Johnson Strongly Recommends Vinol for the Blood.

"The blood should have ninety-five per cent red corpuscles. With a less amount come weakness, sickness and suffering.

"We see every day on our streets many people whose faces plainly show impure, impoverished blood.

"We want everybody in Gainesville to know that Vinol purifies, vitalizes and enriches the blood, increases the red corpuscles and creates strength.

"This is because Vinol contains in a highly concentrated form all the medicinal, blood making and body-building elements of cod liver oil actually taken from fresh cods' livers, the useless oil eliminated, and tonic iron, a needful constituent for the blood, added.

"We guarantee Vinol will purify and enrich the blood, create strength, and build up every run-down person in Gainesville, or return the money in every case where it fails."—W. M. Johnson, Druggist.

NOTE.—While we are sole agents for Vinol in Gainesville, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

K. OF P. PROGRESSING.

Mount Vernon Lodge No. 20 Receiving Many New Applicants.

Among the growing things in this section is Mount Vernon Lodge No. 20, Knights of Pythias, which is one of the largest and best lodges in the State.

Mount Vernon Lodge has received within the past two years as many or more applications for membership than any other order in the city, with one exception. The work has been properly and impressively conferred, and the candidates have felt themselves a great deal better by being members of the Knights of Pythias.

Mount Vernon lodge has three candidates for initiation at the next meeting, which will be held on Tuesday evening. A full attendance is desired at this meeting, and visiting Knights are cordially invited to be present, as the amplified degree team is now well versed in the work, and will show their brothers something very instructive.

Card From Mr. McEvoy.

To the Public: In full justice to my wife, allow me to say I will pay any obligation she may incur. If I have injured any others all I ask is that they kindly extend their forgiveness and I manfully promise not to offend again. I am determined to make Gainesville my home. All I ask is a fair chance and honest consideration, and if such is extended me, to those who do so they will never regret the act. Providence being my guide all I ask is the assistance of those who look to right and justice now and hereafter.

THOS. J. McEVOY.

Mr. Brooks Honored.

Information was received in this city Thursday night from J. Manasse, who is with J. B. Brooks, is attending the meeting of State Camp of the Woodmen of the World in Jacksonville, to the effect that the latter had been elected Head Watchman of Head Camp "T," comprising the district of Georgia and Florida.

This is quite an honor to Mr. Brooks, as well as Alachua Camp of this city, and friends will extend congratulations.

FASTIDIOUS WOMEN
consider Paxtine Toilet Antiseptic a necessity in the hygienic care of the person and for local treatment of feminine ills. As a wash its cleansing, germicidal, deodorizing and healing qualities are extraordinary. For sale at Druggists. Sample free. Address The R. Paxton Co., Boston, Mass.
